introduction

Hello, I'm Juhans

Hi, I'm Juhans, a GIS Analyst and Map Enthusiast with professional experience since 2016. I specialize in applying geospatial technologies to support spatial planning and environmental management, with a strong background in analyzing, visualizing, and managing spatial data for decision-making.

Over the years, I have been involved in diverse projects related to urban and regional planning, land use management, and environmental assessment, enabling me to integrate technical GIS skills with practical field knowledge.

my education

University of Indonesia

Bachelor of Science,
Geography Department
2012-2016

My research is :

“Estimated Stock Carbon Value and Carbon Emissions Sinks on the Green Belt of National Road Karawang Using High Resolution Imagery”

personal skills

Spatial Analysis

Cartography

Survey and Mapping

ArcGIS Desktop

ArcGIS Pro

Quantum GIS

PCI Geomatica

Global Mapper

HTML

CSS

Javascript

Leaflet

Open Layers

PostgreSQL/PostGIS

Graphic Design

Microsoft Office

work experience

+9 years

Working as GIS Expert or Specialist, mostly helping governments or clients to plan their administrative area through various spatial planning projects.
